Let us treat you and your family for
private health problems, accidents,
sickness, work related injuries,
rehabilitation, and much more!

Why EcCare?

-  Receive the same or better quality care as the hospital Emergency Room.
-  Our cost is usually 30% to 50% less than the Emergency Room.
-  Our average daily patient visit time is less than 60 minutes.

The Legacy of Caring behind

EcCare
Health Centers

EcCare Health Centers have been treating patients locally for over 30 years. Our centers offer a full range of

urgent and non-urgent medical services for private and work related needs.

Our facilities employ Medical Doctors and a superior support staff (including licensed Nurses and X-Ray technicians). This enables our care teams to manage most non-life threatening injuries on site.

Our skilled professional staff have always been a large part of our success, but it is the loyalty of our patients and clients that has made us what we are today.

At EcCare, we make it easy to see a Doctor.

URGENT CARE • FAMILY MEDICINE OCCUPATIONAL CARE

The **Irving EcCare Health Center** and
DeSoto EcCare Health Center

make the very best health care available to our community of families and businesses.

We also believe the practice of medicine is personal, so we value building relationships with our patients.

The next time you need medical care, remember — our staff and facilities are here to serve you.

At EcCare, we are looking out for you!
