What is the PTA?

Parents Taking Action, Inc. (PTA) is a 501(c)3 charitable non-profit organization established for 5+ years that provides educational programs and services to parents and children on the overweight and obesity epidemic through various non health platforms. This has been done through the development of innovative partnerships in a "team-up approach."

PTA is working to reduce obesity and obesity related conditions through education, training, leadership and motivational programs within the communities. Why? Because evidence of an epidemic is everywhere; two-third, more than 190 million Americans are overweight or obese, obesity-related diseases are a \$147 billion dollar medical burden every year, and childhood obesity has tripled in the last thirty years.

At an alarming rate, America's children are facing negative influences. Parents Taking Action is trying to make a difference one child at a time by providing children with positive mentors to help them make healthier lifestyle choices. Today's youth need positive role models to share with them how important it is to make healthier choices by selecting and eating healthier foods, and making sure they exercise daily.

To fulfill this mission, the Parents Taking Action (PTA), Inc, will continue to forge an alliance with:

- schools
- parents
- athletes
- churches
- elected officials
- entertainers

on the importance of educating children about the consequences of being overweight and obese.

You Can Make A Difference!

By contributing and partnering with PTA to educate parents and children/youth on propositional eating and developing a daily exercise commitment.
